**To whom it may concern**

Trump floor coverings have carried put a variety of refurbishments in a number of Fitness First gymnasiums on a national basis.

Throughout the projects, Trump Floorcoverings not only met our expectations but in many instances exceeded them.

Mark Baratta (Director) has displayed excellent attention to detail, is diligent and in all instances illustrated a high level of professionalism.

Their quality of work is second to none.

I have no hesitation in commending and recommending Trump Floorcoverings to any prospective client and wish them continued success.

Yours Sincerely
